

Updated Symposium
on reconstructive microsurgery

UPDATE SYMPOSIUM ON RECONSTRUCTIVE MICROSURGERY

*Shaping the Future through
Education, Evidence and Commitment*

CALDES DE MALAVELLA • 29TH-30TH OCTOBER 2016

2010

2016

WELCOME MESSAGE:

Dear colleagues,

On behalf of the organising committee it is our great pleasure to invite you to join us in Caldes de Malavella for the "Symposium of the International Master's degree in reconstructive microsurgery - MRM".

This is the first time after 6 editions of the MRM that we are preparing a updated symposium on reconstructive microsurgery just for former students, faculty and the medical industry involved in microsurgery to meet and share new ideas, discuss how to improve medical education in microsurgery and promote innovation and interaction between the medical industry and professionals.

We are highly honored by the presence of Prof Isao Koshima such us honorary guest speaker at the updated symposium.

What we really want to do is to improve this networking and build a real Reconstructive Microsurgery European School - RMES. We would like to focus, not only education but also on how we can get best develop our plastic surgeons trainees. We propose to build a research platform or community where we can all share our projects and promote multicentre interuniversity project research.

The meeting will be held in Hotel Camiral a beautiful place in Caldes de Malavella, Girona, near the Dalí Museum (Figueres), the Costa Brava beaches and some stunning medieval villages - Empordà, Peratallada and Besalú.

We look forward to seeing you soon,

Yours sincerely,

Jaume Masià & Sinikka Suominen

*A beautiful resort for working together,
150 new microsurgeons from all over the world*

COORDINATORS

Jian Farhadi

Cristina Garusi

Marco Innocenti

Frederic Kolb

Nicolas Leymarie

Jaume Masià

Gemma Pons

Eric Santamaria

Sinikka Suominen

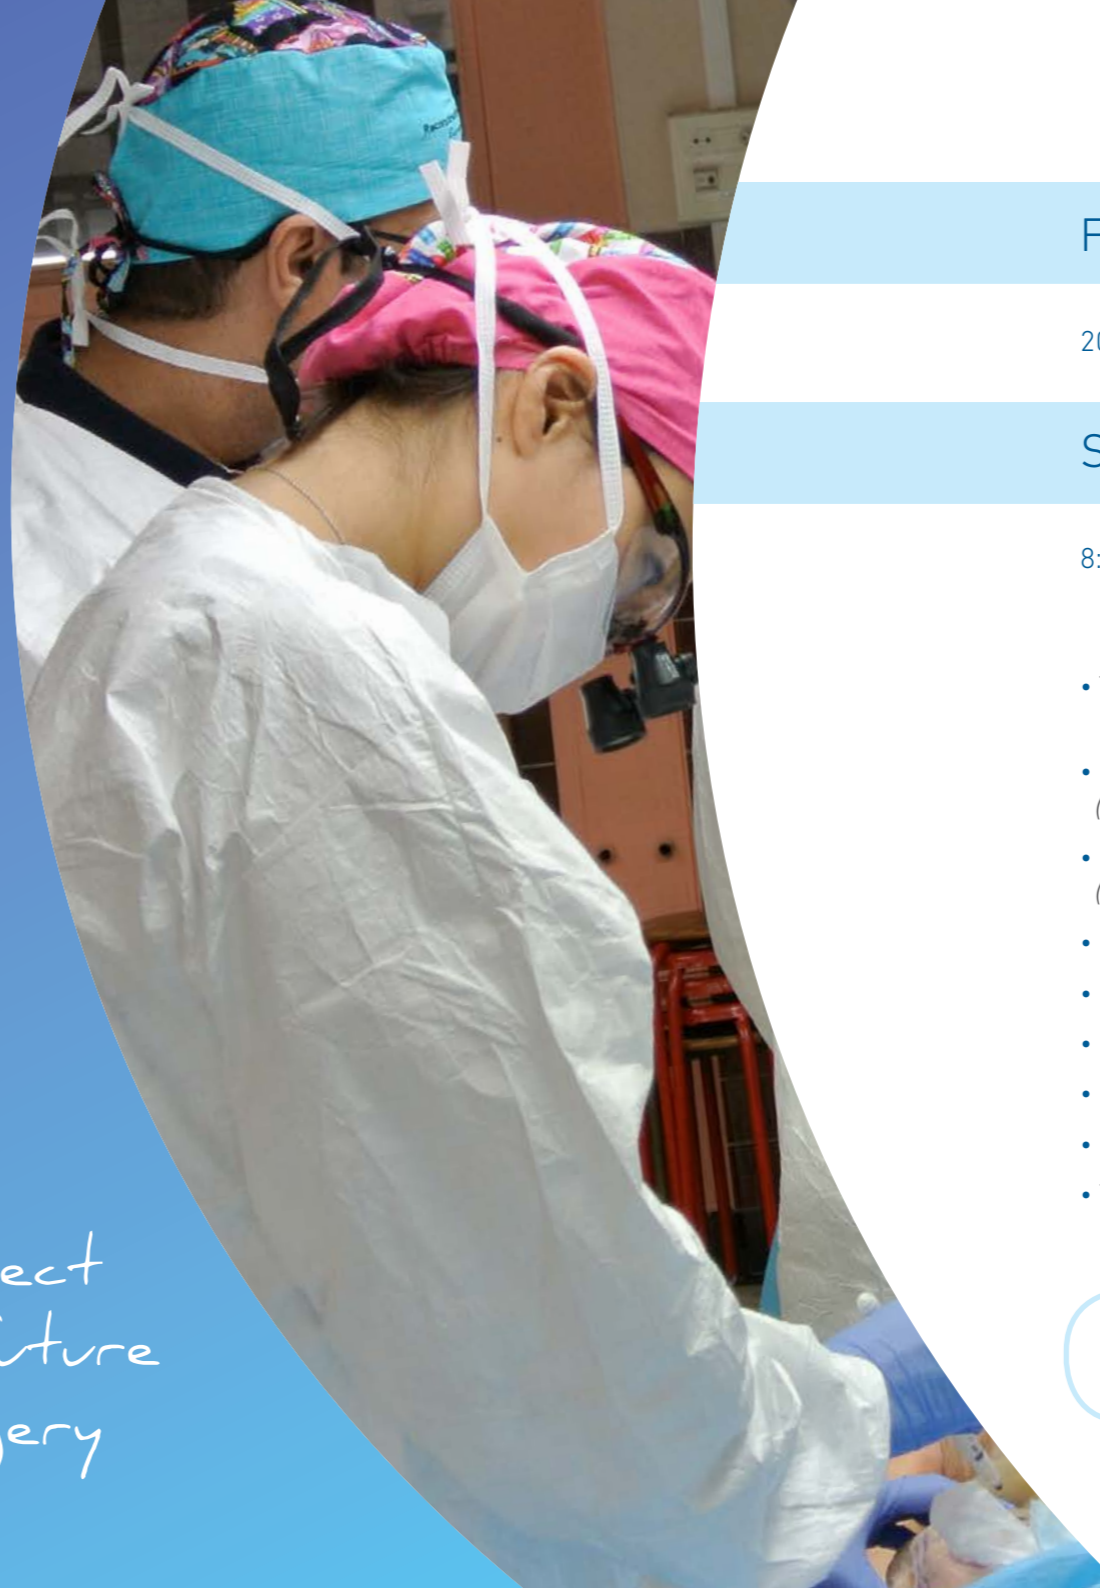

Koenraad van Landuyt

FACULTY

- Phillip Blondeel - *Belgium*
- Moustapha Hamdi - *Belgium*
- Alexandru Georgescu - *Romania*
- Stefan O.P. Hofer - *Canada*
- Joon Pio Hong - *Korea*
- Lucian P. Jiga - *Germany*
- Maija Kolehmainen - *Finland*
- Isao Koshima - *Japan*
- Peter Neligan - *USA*
- Milomir Ninkovic - *Germany*
- Alex Nistor - *Romania*
- Dirk J Schaefer - *Switzerland*

Educational project
that feeds the future
of the microsurgery

FRIDAY, 28TH OCTOBER

20:30 **Welcome dinner**

SATURDAY, 29TH OCTOBER

8:30-10:30 **HOW TO IMPROVE EDUCATION IN
MICROSURGERY**

Moderator: J. Masià

- The role of the Master's degrees in Medical Education (*J. Farhadi*)
- Microsurgery demand in Western countries. (*S. Suominen*)
- Microsurgery demand in emerging countries. (*E. Santamaria*)
- Microsurgery Education in Europe (*J. Vuola*)
- Microsurgery Education in USA (*P. Neligan*)
- Microsurgery education in Canada (*S. Hofer*)
- Microsurgery Education in Asia (*J.P. Hong*)
- How to assess the microsurgical skills (*M. Ninkovic*)
- The impact of the Masters Program in Reconstructive Surgery - a review from a student (*Z. Jandali*)

Free paper: Microsurgery fellowships,
Development of a clinical curriculum. (*Mai Rostom*)
Open discussion

10:30-11:00 **Coffee Break**

11:00-12:00 **NEW FRONTIERS IN H&N RECONSTRUCTIVE MICROSURGERY**

Moderator: F. Kolb

- From morphological restoration to functional reconstruction (*E. Santamaria*)
- Overlapping between oncologic surgery and reconstruction techniques on H&N (*N. Leymarie*)
- Facial Transplant. Present and future (*P. Blondeel*)

12:00-13:00 **UPDATED IN MICROSURGICAL BREAST RECONSTRUCTION**

Moderator: C. Garusi

- Radiotherapy effect in perforator flaps for Breast reconstruction. (*K. Van Landuyt*)
- Efficiency in autologous breast reconstruction (*J. Farhadi*)
- "Exotic" perforator flaps in breast reconstruction: indications and reliable expectatives (*M. Hamdi*)

Free paper: The Initial experience of breast reconstructive microsurgery in Jakarta. (*Bayu Brahma*)
Open discussion

13:00-14:30 **Lunch Break**

14:30 -15:30 **UPDATED IN RECONSTRUCTIVE MICROSURGERY OF THE LIMB**

Moderator: E. Santamaria

- The role of microsurgery in sarcoma treatment: present and future (*M. Innocenti*)
- Decision making in reconstruction of the traumatizing limb (*J.P. Hong*)

- Future of the diabetic foot with microsurgery techniques (*S. Suominen*)

Free paper: The free lateral femoral condyle: A new workhorse for bone reconstruction in the upper extremity. (*Zaher Jandali*)

Open discussion

16:00-16:30 **Coffee Break**

16:30-17:30 **SUPERMICROSURGERY AND LYMPHEDEMA TREATMENT**

Moderator: P. Neligan

- Evaluation of the lymphatic system: diagnostic and preoperative planning (*G. Pons*)
- Lymphedema surgical treatment: a critical overview (*J. Masià*)
- New frontiers on lymphatic surgery. (*I. Koshima*)

Free paper: Prophylactic lymphedema in breast cancer patients. (*Elena Rodríguez*)

Open discussion

17:30-18:30 **HOW TO BUILD YOUR CAREER IN MICROSURGERY**

Moderator: J. Farhadi

- Microsurgery in the University Hospital (*D. Schaefer*)
- Microsurgery in private practice (*P. Blondeel*)
- How to grow up as a microsurgeon on a foreign country (*L. Jiga*)
- Building an academic career in microsurgery. (*A. Nistor*)

- The roll of the scientific societies on microsurgery development (*A. Georgescu*)

20:30 **Course dinner**

SUNDAY, 30TH OCTOBER

8:30-9:30 **UPDATED IN GENITOURINARY RECONSTRUCTIVE MICROSURGERY**

Moderator: S. Suominen

- Current challenges in genitourinary reconstruction (*S. Suominen*)
- Pelvic reconstruction (*M. Kolehmainen*)
- Bladder reanimation (*M. Ninkovic*)

Free paper: Management of webbed penis in small sized patients in single Egyptian Andrology Center. (*Khaled A. Gadalla*)

Open discussion

9:30-10:00 **KEYNOTE LECTURE: Creating new ideas in microsurgery: I. Koshima**

10:00-10:30 **Coffee Break**

10:30-12:00 **RESEARCH IN MICROSURGERY**

Moderator: F. Kolb

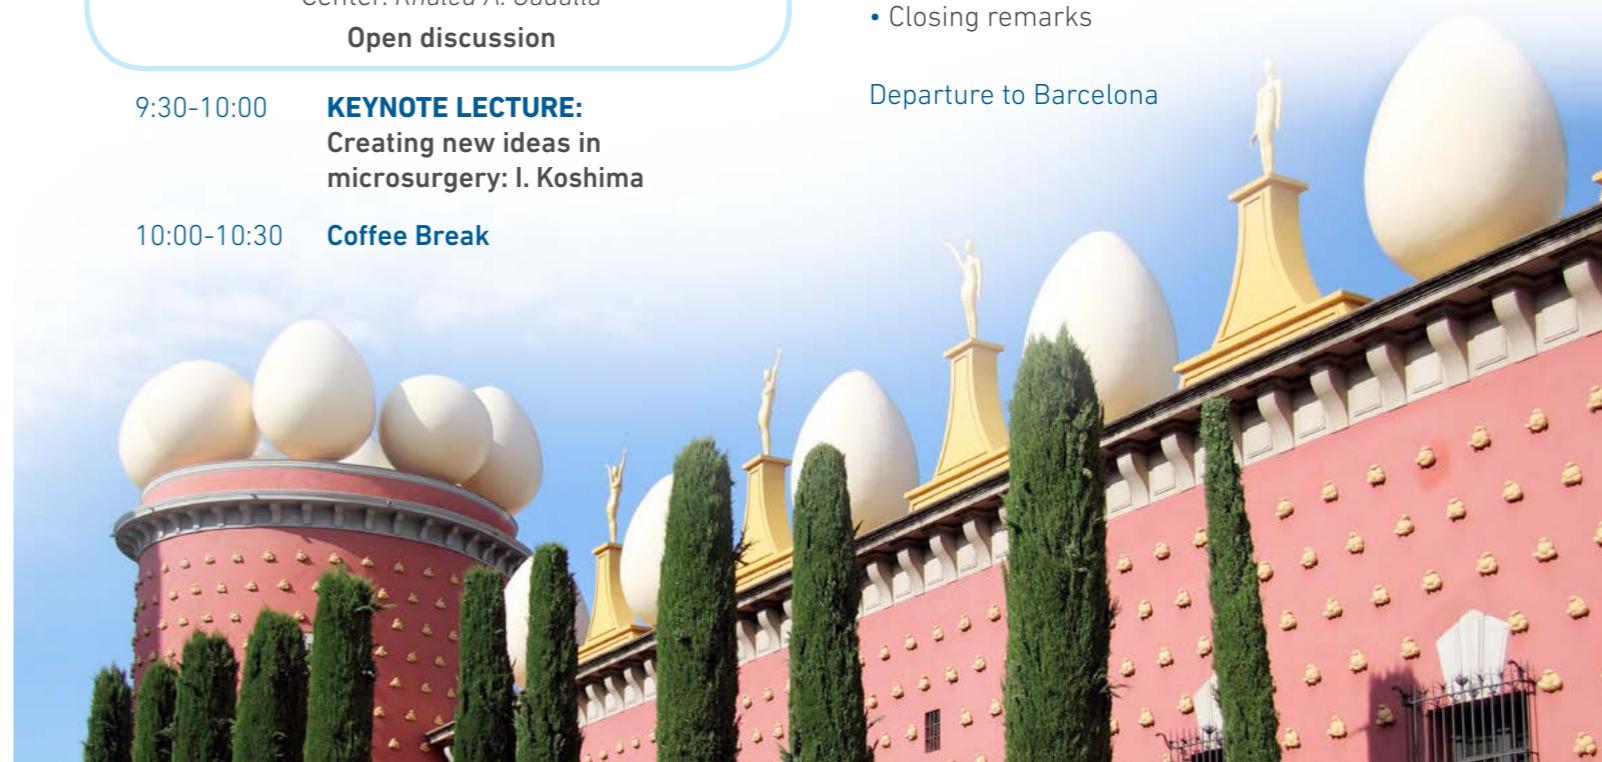

- Robotics on plastic surgery (*M. Innocenti*)
- Imaging techniques in microsurgery (*K. Van Landuyt*)
- Building a research project on microsurgery (*P. Neligan*)
- Why take a sabbatical research leave when you are in the peak of you career (*F. Kolb*)
- How and where to publish our microsurgical work (*S. Hofer*)

12:00-12:15 **SYMPOSIUM SUMMARY**

Moderators: J. Masià & S. Suominen

- Creating an effective networking: on-line campus and social media connectivity (*J. Masià*)
- Home assignments (*S. Suominen*)
- Closing remarks

Departure to Barcelona

Reconstructive Microsurgery
European School
